

**WHICH ROS SEAT WOULD YOU RECOMMEND FOR SUPERYACHTS?**

A question that we often hear answered by Peter Jones from our own experiences talking to customers at exhibitions and visitors to our showroom.

ROS

Question

All seats from ROS Nautica are superbly engineered with stainless steel structure and mechanisms with visible parts and features highly polished. With the quality of design, style, genuine leather and hand-crafted covers with exquisite stitching - all ROS seats would distinguish themselves on any superyacht.

However, there is one stand-out candidate in my opinion - the new **Alioth**. There's not much more to say other than look at the picture and come and see one for yourself.

You won't be disappointed. *PJ*

.....AND A NOTE FROM THE OFFICE

Crown Marine Seats are high speed craft specialists and can provide a range of shock mitigating under-seat solutions.

Please feel free to email us or speak to us during office hours - it's always our pleasure to help you!

The **auxano** group

**ABOUT CROWN MARINE SEATS / AUXANO GROUP**
